SUMMARY

Passionate and enthusiastic young professional with a deep interest in both hardware and software technologies. Adept at troubleshooting, problem-solving, and continuously learning about the latest advancements in the tech industry. Committed to leveraging my skills and knowledge to contribute to innovative projects and drive technological progress.

WORK EXPERIENCE

Project Manager, QACS Aug 2023 - Present

- Orchestrated the successful implementation of key projects, ensuring timely delivery and adherence to budget, as well as Project Manager.
- Implemented improvements in quality control processes, ensuring compliance with standards and regulations, resulting in higher quality products and operational efficiency.
- Worked within multifunctional teams, proactively identifying issues and promoting a culture of quality, contributing to project success and team professional development.

React Developer, QACS Nov 2022 - Aug 2023

- Led the management and optimization of websites using React, applying specialized skills to enhance functionality and user experience. Design and maintenance of websites using WordPress, Elementor, Divi, etc. ■ Development and maintenance of various applications for both private companies and governmental clients.

Project Manager, Magdalena Construcciones Aug 2015- Sep 2022

- Supervised the proper handling of construction works, with over 200 employees under my command, in the construction of the federal maximum-security prison in the city of Durango, Mexico.
- Meetings with directors and key personnel from government agencies in the state of Durango
